Welcome to the 2015/2016 Lincolnshire Multi-Agency Public Protection Arrangements (MAPPA) Annual Report.

Peter Wright has, for the period covered by the report, been chair of the Strategic Management Board and has had overall responsibility for directing improvements in the quality of work being undertaken within MAPPA. Peter brought to MAPPA a breath of knowledge and level of energy that has been much appreciated and will be missed both here and across the wider partnership arena. We wish him all the best in his new career with Nottingham Health.

During the year we have seen consistently high levels of engagement from a range of agencies in the management of those who present the highest levels of risk to the public. Inter-agency working has been supported by the launch of a series of training events delivered through the MAPPA office. This has been reflected in the many positive outcomes which have been achieved for victims and potential victims of seriously violent crime.

What this report highlights how statutory, private sector and voluntary agencies work together to manage the risk presented by sexual and violent offenders who are due to be released from custody, or who are already living in the community.

Such offenders, subject to MAPPA, are often challenging in themselves and present a range of complex and at times intractable issues which are necessary to understand and manage to prevent further victims in our communities. By ensuring effective identification of MAPPA eligible offenders, sharing information, assessing and managing risks, MAPPA serves to minimise the likelihood of re-offending and helps to prevent further victims in our communities.

We would like to thank all the partner agencies and their staff for the time given to making MAPPA work so effectively in Lincolnshire. Their dedication is key to ensuring our local communities remain safe.

Peter Adey
Head of Function
National Probation Service
East and West
Lincolnshire

Peter Wright, Governor, HMP Lincoln
What is MAPPA?

MAPPA background

(a) MAPPA (Multi-Agency Public Protection Arrangements) are a set of arrangements to manage the risk posed by the most serious sexual and violent offenders (MAPPA-eligible offenders) under the provisions of sections 325 to 327B of the Criminal Justice Act 2003.

(b) They bring together the Police, Probation and Prison Services in each of the 42 Areas in England and Wales into what is known as the MAPPA Responsible Authority.

(c) A number of other agencies are under a Duty To Co-operate (DTC) with the Responsible Authority. These include Social Services, Health Trusts, Youth Offending Teams, Jobcentre Plus and Local Housing and Education Authorities.

(d) The Responsible Authority is required to appoint two Lay Advisers to sit on each MAPPA area Strategic Management Board (SMB) alongside senior representatives from each of the Responsible Authority and duty to co-operate agencies.

(e) Lay Advisers are members of the public with no links to the business of managing MAPPA offenders and act as independent, yet informed, observers; able to pose questions which the professionals closely involved in the work might not think of asking. They also bring to the SMB their understanding and perspective of the local community (where they must reside and have strong links).

How MAPPA works

• MAPPA-eligible offenders are identified and information about them is shared by the agencies in order to inform the risk assessments and risk management plans of those managing or supervising them.

• In the majority of cases that is as far as MAPPA extends but in some cases, it is determined that active multi-agency management is required. In such cases there will be regular MAPPA meetings attended by relevant agency practitioners.

• There are 3 categories of MAPPA-eligible offender: Category 1 - registered sexual offenders; Category 2 – (in the main) violent offenders sentenced to imprisonment for 12 months or more; and Category 3 – offenders who do not qualify under categories 1 or 2 but who currently pose a risk of serious harm.

• There are three management levels intended to ensure that resources are focused upon the cases where they are most needed; generally those involving the higher risks of serious harm. Level 1 involves ordinary agency management (i.e. no MAPPA meetings or resources); Level 2 is where the active involvement of more than one agency is required to manage the offender but the risk management plans do not require the attendance and commitment of resources at a senior level. Where senior oversight is required the case would be managed at Level 3.

MAPPA is supported by ViSOR. This is a national IT system for the management of people who pose a serious risk of harm to the public. The police have been using ViSOR since 2005 but, since June 2008, ViSOR has been fully operational allowing, for the first time, key staff from the Police, Probation and Prison Services to work on the same IT system, thus improving the quality and timeliness of risk assessments and of interventions to prevent offending. The combined use of ViSOR increases the ability to share intelligence across organisations and enable the safe transfer of key information when these high risk offenders move, enhancing public protection measures. All MAPPA reports from England and Wales are published online at: www.gov.uk

**Total number of Registered Sexual Offenders per 100,000 population**

This figure has been calculated using the Mid-2015 Population Estimates: Single year of age and sex for Police Areas in England and Wales; estimated resident population, published by the Office for National Statistics on 23 June 2016, excluding those aged less than ten years of age.
Explanation commentary on statistical tables

MAPPA background

The totals of MAPPA-eligible offenders, broken down by category, reflect the picture on 31 March 2016 (i.e. they are a snapshot). The rest of the data covers the period 1 April 2015 to 31 March 2016.

(a) MAPPA-eligible offenders – there are a number of offenders defined in law as eligible for MAPPA management, because they have committed specified sexual and violent offences or they currently pose a risk of serious harm, although the majority (x% this year) are actually managed under ordinary agency (Level 1) arrangements rather than via MAPP meetings.

(b) Registered Sexual Offenders (RSOs) – those who are required to notify the police of their name, address and other personal details and to notify any changes subsequently (this is known as the “notification requirement.”) Failure to comply with the notification requirement is a criminal offence which carries a maximum penalty of 5 years’ imprisonment.

(c) Violent Offenders – this category includes violent offenders sentenced to imprisonment or detention for 12 months or more, or detained under a hospital order. It also includes a small number of sexual offenders who do not qualify for registration and offenders disqualified from working with children.

(d) Other Dangerous Offenders – offenders who do not qualify under the other two MAPPA-eligible categories, but who currently pose a risk of serious harm which requires management via MAPP meetings.

(e) Breach of licence – offenders released into the community following a period of imprisonment of 12 months or more will be subject to a licence with conditions (under probation supervision). If these conditions are not complied with, breach action will be taken and the offender may be recalled to prison.

(f) Sexual Harm Prevention Order (SHPO) – (replaced Sexual Offence Prevention Orders) including any additional foreign travel restriction.

Sexual Harm Prevention Orders (SHPOs) and interim SHPOs are intended to protect the public from offenders convicted of a sexual or violent offence who pose a risk of sexual harm to the public by placing restrictions on their behaviour. It requires the offender to notify their details to the police (as set out in Part 2 of the 2003 Act) for the duration of the order.

The court must be satisfied that an order is necessary to protect the public (or any particular members of the public) in the UK, or children or vulnerable adults (or any particular children or vulnerable adults) abroad, from sexual harm from the offender. In the case of an order made on a free standing application by a chief officer or the National Crime Agency (NCA), the chief officer/NCA must be able to show that the offender has acted in such a way since their conviction as to make the order necessary.

The minimum duration for a full order is five years. The lower age limit is 10, which is the age of criminal responsibility, but where the defendant is under the age of 18 an application for an order should only be considered exceptionally.

(g) Notification Order – this requires sexual offenders who have been convicted overseas to register with the police, in order to protect the public in the UK from the risks that they pose. The police may apply to the court for a notification order in relation to offenders who are already in the UK or are intending to come to the UK.
(h) Sexual Risk Order (incl. any additional foreign travel restriction)

The Sexual Risk Order (SRO) replaced the Risk of Sexual Harm Order (RoSHO) and may be made in relation to a person without a conviction for a sexual or violent offence (or any other offence), but who poses a risk of sexual harm.

The SRO may be made at the magistrates' court on application, by the police or NCA where an individual has done an act of a sexual nature and the court is satisfied that the person poses a risk of harm to the public in the UK or children or vulnerable adults overseas.

A SRO may prohibit the person from doing anything described in it – this includes preventing travel overseas. Any prohibition must be necessary to protect the public in the UK from sexual harm or, in relation to foreign travel, protecting children or vulnerable adults from sexual harm.

An individual subject to an SRO is required to notify the police of their name and home address within three days of the order being made and also to notify any changes to this information within three days.

A SRO can last for a minimum of two years and has no maximum duration, with the exception of any foreign travel restrictions which, if applicable, last for a maximum of five years (but may be renewed).

The criminal standard of proof continues to apply, the person concerned is able to appeal against the making of the order, and the police or the person concerned are able to apply for the order to be varied, renewed or discharged.

A breach of a SRO is a criminal offence punishable by a maximum of five years’ imprisonment. Where an individual breaches their SRO, they will become subject to the full notification requirements.

Nominals made subject of a SRO are now recorded on VISOR, as a Potentially Dangerous Person (PDP).

(i) Lifetime notification requirements revoked on application

Change in legislation on sexual offenders

A legal challenge in 2010 and a corresponding legislative response means there is now a mechanism in place which will allow qualifying sex offenders to apply for a review of their notification requirements.

Individuals subject to indefinite notification will only become eligible to seek a review once they have been subject to the indefinite notification requirements for a period of at least 15 years for adults and 8 years for juveniles. This applies from 1 September 2012 for adult offenders.

On 21 April 2010, in the case of R (on the application of F and Angus Aubrey Thompson) v Secretary of State for the Home Department [2010] UKSC 17, the Supreme Court upheld an earlier decision of the Court of Appeal and made a declaration of incompatibility under s. 4 of the Human Rights Act 1998 in respect of notification requirements for an indefinite period under section 82 of the Sexual Offences Act 2003. This has been remedied by virtue of the Sexual Offences Act 2003 (Remedial) Order 2012 which has introduced the opportunity for offenders subject to indefinite notification to seek a review; this was enacted on 30th July 2012.

Persons will not come off the register automatically. Qualifying offenders will be required to submit an application to the police seeking a review of their indefinite notification requirements. This will only be once they have completed a minimum period of time subject to the notification requirements (15 years from the point of first notification following release from custody for the index offence for adults and 8 years for juveniles).

Those who continue to pose a significant risk will remain on the register for life, if necessary. In the event that an offender is subject to a Sexual Offences Prevention Order (SOPO)/Sexual Harm Prevention Order (SHPO) the order must be discharged under section 108 of the Sexual Offences Act 2003 prior to an application for a review of their indefinite notification requirements.

For more information, see the Home Office section of the gov.uk website: https://www.gov.uk/government/publications/sexual-offences-act-2003-remedial-order-2012
2015/2016 has been another year of change for the NPS. Public Protection has continued to be delivered through the very strong, positive partnership work guided by the MAPPA Strategic Management Boards in all NE areas in the Division.

- National developments are coming to fruition through the dynamic process embedded within the NPS of E3 - Excellence Efficiency and Effectiveness. E3 is a national programme of organisational change to ensure consistent processes and service delivery throughout England and Wales and is led by the seven Deputy Directors in England and Wales and the Deputy Director responsible for Business Development.
- Changes will include improvements in Approved premises which will see the introduction of Psychologically Informed Enabling Environments along with dedicated Key workers for all residents who will work in partnership with Probation Officers in the Community.
- The MAPPA Website is now fully developed and in use and used regularly. Practitioners can also join the MAPPA community to share ideas with each other to manage some of the most challenging offenders in society.
- Other developments in MAPPA which will conclude going forward is a revision of MAPPA Guidance, MAPPA eligibility and a review of ViSOR which will focus on a consistent business model for NPS in the future which will maximise the use of ViSOR wherever possible.
- NPS have introduced the Active Risk Management System in partnership with Police.
- NPS NE have provided staff with guidance on dealing with Child Sexual Exploitation (CSE) and this is a priority area of work for us all in identifying perpetrators and victims.
- We have also provided more training in Risk Management and will now focus training on ways of working with those convicted of sexual offences who are subject to community supervision. This will be carried out alongside the move to a Divisional Sex Offender Treatment Programme Team who will deliver all Court Orders for Sex Offender Treatment.
- In the next 12 months activity will continue to build on the E3 organisational model ensuring Excellence Efficiency and Effectiveness.
Achievements 2015/16

- Attendance at and engagement with Lincolnshire MAPPA continues to be very positive for all agencies at all levels
- The MAPPA Re-inspection, undertaken by HMIC and HMIP, identified a number of improvements in relation to MAPPA processes and procedures and there is an Action Plan in place to implement the recommendations
- A rolling multi-agency MAPPA training continues to be well attended and receive good feedback
- MAPPA Level 1 meetings have been implemented and are being undertaken on a regular basis, particularly by Probation
- A MAPPA Level 1 database has been devised and implemented to assist both the MAPPA Unit and NPS in meeting significant milestones in the management of cases
- A number of VISOR administrators have now been trained within the NPS and this has ensured that there is better access to this system for Offender Managers and a more robust back up in times of leave or absence for the VISOR administrator
- Lincolnshire MAPPA continues to engage with other strategic boards such as the Adult Safeguarding and Child Safeguarding Boards, as well as the Public Protection Board and the Prevent Steering Group
- NPS staff trained in Lincolnshire have completed their Active Risk Management System training; they are now starting to complete these assessments with Lincolnshire Police Management of Sexual and Violent Offenders Officers and this is improving communication between the two agencies

Key Priorities 2016/17

- Provide further support and guidance in relation to the Active Risk Management System and how this will work between Police and NPS
- Implement and embed the new MAPPA Guidance, there will be significant updates on the mental health chapter and it is important that all agencies, particularly mental health, have a good understanding of the changes
- Develop a process between mental health providers and MAPPA to ensure everyone is aware of their responsibilities, including Level 1 reviews
- Maintain excellent performance against local and national targets
- Progress the use of Integrated Offender Management as an intervention for managing Category 2 offenders at Level 2 and 3
